We are thankful for...

Waiting for Lefty

"The entire community's elation was palpable on opening night of Waiting for Lefty! ICON's inaugural production was a spectacular showcase for our students to demonstrate not only their talents, but professional level training, discipline, and partnerships with professional actors and designers. ICON is here! I could not be more excited for the future of theatre at ICON!" -- Lenni Stone, Director of Waiting for Lefty

Open House & Family Weekend

Treats from Deluxe Bakery. Delicious Wild Culture Kombucha. Flowers from Willow and Stock. And friends from all across Iowa City.

Families were invited to celebrate their students and explore Iowa City the weekend of October 20th. They got to see Waiting for Lefty, tour several Iowa City Theatres, and enjoy delicious local bites.
